

Our Values

Everlasting Sounds is a Christian based company, we believe a wedding is a gift from God. We approach every event with a servant's heart and we are there to serve our clients. We also believe that building a strong relationship with our clients is key to success. We do this by having a YOU first mentality instead of a ME first thought process.

"Work willingly at whatever you do, as though you were working for the Lord rather than for people"
Colossians 3:23

Everlasting Sounds puts YOU in control! Every event is completely customizable for our clients. We aim to build relationships and are with you from the time you inquire to the end of your event. From small pool parties to large weddings, no event is too big or too small for us to bring to life!
